

810nm Optical Power Meter

810nm Optical Power Meter

Optical Power Meters

Optical Power Meters (OPMs) are indispensable tools for Fiber Technicians and Field Installers as well as for fiber engineers assessing the available fiber plant. The Power Meters can be used to measure

Optic Power Meter with 1270nm to 1610nm Wavelength

This lightweight optic power meter measures 18 channels across 1270-1610nm, providing quick, accurate results with a user-friendly display.
