

Aae-1 optical cable

Overview

Asia-Africa-Europe 1 (AAE-1) is a 25,000 km submarine communications cable system from South East Asia to Europe across Egypt, connecting Hong Kong, Vietnam, Cambodia, Malaysia, Singapore, Thailand, Myanmar, India, Pakistan, Oman, UAE, Qatar, Yemen, Djibouti, Saudi. The Submarine Cable Map is a free and regularly updated resource from TeleGeography. Repairs have finally commenced on three subsea telecommunications cables that were damaged in the Red Sea in February, even as Houthi militants escalate their attacks on ships in the area.
