

Aerial Optical Cable Clip Type

Overview

These accessories are designed to secure and stabilize drop cables in residential or commercial fiber optic installations. The clamps, available in various types such as Fiber Tension Clamps, Stainless Steel Drop Wire Clamps, and others, ensure proper cable alignment and. It allows safe attachment of cables to poles, walls, facades, or messenger wires without damaging or bending the cable, while withstanding: With a. Durable aerial hardware for fiber utility and telecom builds, including brackets, straps, J-hooks, clamps, grounding, and mounting solutions for pole line and aerial cable support. 2-piece kit Fiber optical thermal stripper M8 & fiber optical cleaning clip compatible with bare fiber/bundle and ribbon fiber for 1-48 core dual heating mode and 8-level temperature regulation.
