# **Compatible Low-Noise Optical Transceiver Module from Nordic Supplier**

## Compatible Low-Noise Optical Transceiver Module from Nordic Supp

---

### **NRF9E5 NORDIC , Rutronik24 Distributor**

It includes a sub 1-GHz RF transceiver core, 8-bit CPU, and RAM code memory. With its rich set of on-chip analog and digital peripherals, the nRF9E5 is an ideal

[Read More](#)

### **NORDIC NRF52840 MANUAL Pdf Download , ManualsLib**

Page 2 d. Reception This transceiver IC is isolated to prevent unwanted noisy radiation by internal amplifier noise LOW month And the RF signal is through the

[Read More](#)

## **iVativ TISA - Standalone Bluetooth 5.4 module based on Nordic's**

The iVativ TISA is an ultra-low power standalone module based on the nRF52810 from Nordic Semiconductor supporting full featured Bluetooth 5.4.

[Read More](#)

## **Wireless**

Wi-Fi Nordic Semiconductor is a leading provider of low-power wireless communication solutions, utilizing decades of ultra-low-power wireless expertise

[Read More](#)

## **Third-party modules based on Nordic Semiconductors**

On this page we have gathered a selection of third-party modules based on nRF54 Series you can consider for your product. Many of the world's

[Read More](#)

## **NRF24L01+PA+LNA Transceiver RF Transceiver**

This wireless module is built around the Nordic nRF24L01+ transceiver and comes with an integrated Power Amplifier (PA) and Low Noise Amplifier (LNA),

[Read More](#)

## **Nordic-powered Wi-Fi 6 module delivers high**

IoT solutions company Raytach has launched a range of Wi-Fi modules designed to deliver high throughput, low power wireless connectivity for developers of

[Read More](#)

## **Nordic Transceiver**

The Olimex nRF24L01 module is a 2.4GHz transceiver module developed by Olimex and

based on the nRF24L01 IC from Nordic Semiconductor. Supporting up to a 2Mbit data rate, this low power 2.4GHz

[Read More](#)

## **Elecrow nRFLR1262 Wireless Transceiver Module (Nordic**

The Elecrow nRFLR1262 Wireless Transceiver Module (Nordic nRF52840, Semtech SX1262) is a high-performance, low-power module designed for long-distance communication. It combines the Nordic

[Read More](#)

## **Nordic nRF91 low power cellular IoT**

Nordic's nRF91 series is an ultra-compact, low power, global, multimode LTE-M / NB-IoT System-in-Package with integrated Arm Cortex-M33 host processor, Arm TrustZone security

[Read More](#)

## Modules

Low power SiP with integrated LTE-M/NB-IoT/NTN and DECT NR+ modem, and GNSS The nRF9151 module sets a new standard for highly integrated and

[Read More](#)

## nRF24L01 Product Specification V2.0

The nRF24L01 is a single chip 2.4GHz transceiver with an embedded baseband protocol engine (Enhanced ShockBurst™), designed for ultra low power wireless applications.

[Read More](#)

## nRF9160

The Complete Solution for Cellular IoT The nRF9160 is a compact, all-in-one System-in-Package (SiP) that gives you everything needed for advanced cellular

[Read More](#)

## **Nordic Semiconductor Combo Wireless Modules**

Arrow is an authorized distributor of Nordic Semiconductor, stocking a wide selection of electronic components and supporting hundreds of reference designs. Explore more at [Arrow](#) .

[Read More](#)

## **Optical Transceivers: High-Performance Modules for Every Network**

From low data rates to 800GB, we have compatible, energy-efficient modules tested with global standards. Get the quality you need for any application.

[Read More](#)

## **NRF24L01+PA+LNA with Antenna 2.4GHz Wireless**

The NRF24L01+ integrates a complete 2.4GHz RF transceiver, RF synthesizer, and baseband logic including the Enhanced ShockBurst(TM) hardware protocol

[Read More](#)

## **Elecrow nRFLR1110 Wireless Transceiver Module**

Elecrow nRFLR1110 is a high-performance, low-power, long-range transceiver module that integrates the Nordic nRF52840 microcontroller and Semtech's latest third-generation LR1110 LoRa transceiver

[Read More](#)

## **Navigator Nordic**

Navigator Nordic delivers optical transceivers, components and data center solutions for the Nordic market, with expert support, fast service and lifetime warranty.

[Read More](#)

## **Nordic Semiconductor introduces SiP module for low**

Following three years in development, Nordic Semiconductor has introduced a system-in-package (SiP) module for low-power Internet of Things

[Read More](#)

## **nRF24L01+ 2.4GHz with Original Nordic-FCC ID & IC ID**

Our company's RF2401PRO wireless transceiver module adopts the original imported nRF24L01+ components from NORDIC Company and has obtained

[Read More](#)

## **NRF24L01 2.4 GHz RF Wireless Transceiver Module**

The nRF24L01 module uses the 2.4GHz transceiver from Nordic Semiconductor, the

nRF24L01+. This transceiver IC operates in the 2.4GHz band and has many new
