Understanding Different Types of Patch Cords for Network Reliability

When evaluating network solutions, the choice between fiber optic and copper patch cords can significantly impact performance and functionality. Below, you can find a comparison table

[Read More](#)

FiberOptic Patch Cables

We distinguish two types of patch cables: fiber-optic and copper, depending on the type of signal they emit. Copper cables consist of a copper wire, PCV insulation and an 8P8C (RJ45) connector.
