

Corrosion-resistant color steel cable trays

Overview

Our cable trays provide reliable support for extensive network cables, featuring corrosion-resistant, powder-coated finishes for durability. Designed for easy installation and cost-efficiency, they ensure smooth transitions and robust performance in any environment. Legrand's offer of global solutions for wiremesh cable trays (and accessories) is one of the most complete on the market. Automated welded and powder-coated on our 5 production lines, this reinforced ladder series combines open ventilation with durable, colorful protection. Corrosion-resistant cable trays are essential components in modern electrical infrastructure, especially in environments prone to moisture, chemicals, or extreme temperatures.
