

# **Distribution box specifications**

## **xm**

## Overview

---

XM series indoor lighting distribution box is designed for AC 50Hz, 220V or 380V terminal circuits with rated current  $\leq 100\text{A}$ . The Low Voltage Distribution Box is a compact and reliable solution for secondary power distribution in industrial, commercial, and residential applications. Designed with a robust steel enclosure, it safely houses circuit breakers, fuses, and control devices to manage lighting, motor loads, and.
