

# Dual-core switch deployment mode

## Dual-core switch deployment mode

---

### Hybrid Campus LAN Design Guide (CVD)

This document provides a pre-validated design & deployment guide for "a" Hybrid Campus LAN comprising both Cisco and Meraki platforms alongside the various design guidelines, topologies,

## **FortiSwitchOS Switching Reference Architecture Guide**

This hierarchical design model breaks down the design into different layers, which simplifies the deployment, extensibility, and management of the network and allows each layer to implement

[Read More](#)

## **Hybrid Campus LAN Design Guide (CVD)**

Hybrid refers to the mixing of different platforms (e.g. Meraki MS switches and Catalyst 9k) and therefore requires proper planning and design for interoperability and performance. Designing a LAN for the
