

Explosion-proof specifications for Portuguese cast aluminum distribution boxes

Overview

Rated NEMA 4/7/9 for UL and cUL Classified hazardous areas, are constructed from cast aluminum and is available in sizes ranging from 06" x 08" x 04" to 32" x 36" x 12". • 64 standard sizes available • One-piece NEMA 4 water tight gasket • Premium, high strength steel cover bolts. We offer bespoke, custom-made terminal boxes and terminal box combinations, as well as standard products with short delivery times. Eaton's Crouse-Hinds series CEAG AboX junction and terminal enclosures are engineered for safe and reliable performance in a wide range of hazardous area and harsh applications within oil & gas, petrochemical, chemical and other heavy industries. Customizable configuration of operators, cable entry quantities and cable gland types as per specification.
