

Fiber Optic Cable Splice Tray in Server Rack

Overview

The fiber optical splice tray for FHD® (FS High Density) series rack mount enclosure shall house and protect fiber optic splices, guarantee proper fiber cable management and bend radius control, and allow for clear labeling and logical organization of the fiber optic splices. Corning has a wide variety of hardware solutions to choose from to fit your cabling needs. SIGNAMAX Splice Trays are the best solution when interconnection between segments of optical fiber cable is required without connection of active equipment or creation of cross-connections. Organize fiber connections with ease Complete line of passive fiber optic interconnect products for wall mount, rack mount, and OSP (Outside Plant) applications.

Fiber Optic Cable Splice Tray in Server Rack

24 Cores Fiber Optic Splice Boxes

Shop our 24 cores fiber optic splice boxes for reliable FTTH solutions. Durable, IP65-rated closures with high core counts for efficient network management.
