

Fiber optic cable box installation and pricing

Overview

Fiber optic cable installation costs between \$1,500 and \$7,000 for your home, with prices varying by cable length and installation method. The installation type you choose and the layout of your property determine the total labor and materials needed for your project. Single-mode fiber costs less per foot than multimode fiber, but it requires more. In this article, Fibconet will explore the factors influencing the cost, the average price range, installation costs, and tips for saving money when purchasing fiber optic.
