

Flat rubber-sheathed optical cable models and specifications

Flat rubber-sheathed optical cable models and specifications

Fiber optic cable Catalog

Easy and fast installation due to its small diameter and light construction. Suitable for pushing, blowing method. Problem-free use in power lines due to its non_metallic construction. In network systems,

Optical dd

DESCRIPTION Primary coated single mode fiber, filled, loose tubes, assembled around the Central Strength Member (CSM), filled core, wrap, non-metallic moisture barrier polyethylene sheathed

Outdoor Unitube Single Sheathed Armored 9/125um

Outdoor unitube single sheathed armoured OS2 single-mode fibre optic cable, built for external installations. View full specs and order from Molex today.
