

Global Fiber Optic Cable Status

Overview

Users report outages they detect, creating a real-time picture of global cable health. TeleGeography's comprehensive and regularly updated interactive map of the world's major submarine cable systems and landing stations. Show me range to terrestrial fiber nodes on the map?

Is the ITU building in Geneva Switzerland within 10 km of a fibre node?

Start measuring on the map to see calculations here. Driven by the dedication of its top-notch professionals who tirelessly work to enhance the company's international infrastructure, and a history dating back about 170 years to the deployment of telegraph subsea cables.

Global Fiber Optic Cable Status

Top Fiber Optic Cable Manufacturers in Indonesia

On a global scale, Indonesia's fiber optic market is expanding, aligning with global trends towards improved connectivity and digital transformation. Understanding these dynamics is vital for anyone
