

Gyts12 optical cable

Overview

Coated Steel Tape Outdoor PE GYTS Fiber Optical Single Mode 12 Cords OS2 Outdoor Cable count up to 144 fiber stranded fiber optic cable, they form the backbone of high speed networks. The cable is 6 loose tubes stranded together with filling compound of waterproof system around the central reinforcement steel member. The Kaichuangtong Single-mode Outdoor Fiber Optic Cable GYTS-12 cores is a premium-grade communication cable engineered for long-distance, high-speed data transmission in harsh outdoor environments. With a minimum order of 1000 meters and per-meter sales specifications, this robust fiber optic. All cables in this lineup integrate metal strength members for enhanced mechanical stability and steel-polyethylene adhesive jackets, which provide durable protection.
