

HD-SDI Optical Switch

Overview

Multiplex and optically convert HD-SDI and RS-485 signal to transmit long distance over a fiber-optic cable. 4 Channel HD-SDI over SM Unidirectional Optical Fiber Transmitter and Receiver Set with Embedded Audio 20km HD SDI video signal can be transmitted through one single fibre with non-distortion, high-quality, long-distance transmission. Extron SDI/HD-SDI matrix switchers are designed to switch multiple serial digital video signals with embedded audio that comply with SMPTE and ITU standards for standard definition and high definition video, including 3G-SDI.

HD-SDI Optical Switch

SDI/HD-SDI Matrix Switchers

Modular & Expandable for SMPTE 292M/372M/424M HD-SDI. Extron SDI/HD-SDI matrix switchers are designed to switch multiple serial digital video signals with
