

High Voltage Busbar 6

Overview

Our HV Busbars provide a reliable solution for compact high-voltage power distribution. With high conductivity and a robust design, they deliver maximum performance in minimal space - efficient, future-proof, and built to last. Molex's Sentrality Pin and Socket Interconnect System offers high-voltage, high-current board-to-board, busbar-to-board and busbar-to-busbar connectors and provides a +/- 1. To connect various high voltage (HV) components to the HV system, TE also delivers a wide variety of busbars. Please refer to our Privacy Policy for details on how DirectIndustry processes your personal data.
