

High-strength and energy-saving stainless steel cable trays

Overview

These heavy duty stainless steel cable trays are made from high-quality stainless steel, which is known for its resistance to rust, heat, and chemical exposure. Schiavetti Tekno, part of Spina Group, is a leading Italian manufacturer of cable trays and accessories for electrical and instrumentation systems. Since 1964, the company has supplied high-quality solutions for industrial cable management in energy, infrastructure, and plant engineering sectors. EAE cable trays are mass produced with the 'Roll Forming' method on automatic production lines.

High-strength and energy-saving stainless steel cable trays

Lightweight Energy-Saving Cable Tray

The lightweight energy-saving cable tray features advanced structural designs such as corrugated bases and reinforced stamped bottoms. These enhance load-bearing strength while reducing material
