

How much does a shared power distribution box cost

Overview

New panel box pricing typically ranges from about \$150 to \$1,900 for parts and labor, with most residential projects landing between \$450 and \$1,500 depending on amp rating, gauge of wiring, and labor complexity.

Understanding distribution box cost involves examining the comprehensive investment required for electrical distribution systems that serve as crucial infrastructure components in residential, commercial, and industrial settings. United Rentals is a leading provider of power distribution equipment for rent, featuring cables, transfer switches and power distribution boxes. Whether you're planning an event or managing backup power in case of outages, our team of experts can find the right power distribution rental equipment. You might find a small plastic unit for the price of a fancy dinner, or an industrial-grade stainless steel beast that costs as much as a compact car. While distribution box prices depend heavily on capacity and features, we've tracked emerging patterns.
