

Hungarian Standard Explosion-proof Distribution Box

Overview

Types of explosion protection include Ex db, Ex eb with IP66 degree of protection. Enclosure Material: Aluminum, glass fiber reinforced polyester (GRP) and stainless steel. Through continuous development of new products and markets, modernization of technology and investment in company employees and organization, we continue the tradition of more than 60 years of experience. Within the EU, the ATEX directive, which determines the safe operation of plants and systems in potentially explosive atmospheres, is effective for this purpose. Other countries and continents have different safety guidelines in this area (IECEX, TR-TS, NEC etc. Atex Delvalle provides a custom made facility for hazardous area stainless steel Aisi 304L & Aisi 316L Atex and IECEX Certified junction boxes, terminal boxes, large atex enclosures, Empty enclosures.

Hungarian Standard Explosion-proof Distribution Box

Flameproof Distribution Board , Explosion proof

An ordinary distribution board may generate heat and sparks due to heavy usage. Thus, the flameproof/explosion-proof distribution box/panel is used in hazardous
