

India Precision Spectrometer

Overview

The leading Spectrometer Manufacturers in India are listed in this directory. Toshvin Analytical Private Limited offers a range of Inductively Coupled Plasma Spectrometers, specifically the ICPE-9800 Series, known for their high accuracy and sensitivity in ultra-trace element detection. High-precision spectrometers and portable analyzers engineered to deliver accurate, repeatable results — quickly and reliably. Designed for laboratory and on-site applications, they ensure consistent performance, fast analysis, and dependable data across a wide range of materials and industries.

India Precision Spectrometer

Precision Spectrometer Manufacturers, Supplier

The Student Spectrometer is most popular in universities, where precision and durability are important. Resolution to 1 minute of arc 127 mm diameter, precision
