

Indian Ladder Bridge

Overview

There are over 12 miles (20 km) of trails in the park, the most famous trail being the Indian Ladder Trail. From the Indian Ladder parking lot, the visitor descends 60 ft (18 m) to the base of the escarpment via a metal staircase.

There are over 12 miles (20 km) of trails in the park, the most famous trail being the Indian Ladder Trail. From the Indian Ladder parking lot, the visitor descends 60 ft (18 m) to the base of the escarpment via a metal staircase. From here the trail follows the base of the escarpment passing under the Minelot Falls and by the stream exiting from a small cave in the base of the rocks. This water is actually from Thompson Lake, some two miles (3 km) away, which makes its way through the porous limestone unti
