Techtest Handheld 3 in 1 Optical Power Meter OPM

Hand-held optical power meter, red-light integrated machine series products are mainly used for continuous optical signal power measurement, optical fiber link

[Read More](#)

POWERSCAN 9600 SERIES

The PowerScan family of bar code readers are the ultimate industrial handheld scanners designed and constructed to withstand the toughest environmental conditions. The PowerScan 9600 imagers have

[Read More](#)

Fibershot Handheld Optical Light Source

Fibershot offers a full range of light sources for testing single-mode and/or multimode fiber networks in conjunction with an Optical Power Meter. A typical Laser Source transmits constant wavelengths in

[Read More](#)

GAOTek Handheld Fiber Optic Light Source

This Handheld fiber optic light source is an easy-to-use optical light source which offers high accuracy and is used to test single and multi-mode optical fibers by

[Read More](#)

V460-H Datasheet

Industrial, IP65-rated, handheld DPM (Direct Part Mark) reader with built-in PoE (Power over Ethernet) network connectivity for demanding manufacturing applications. Superior out-of-box reading for

[Read More](#)

Newly Launched ND-BR019 Handheld Anti-Drone RF

Adding to its advantages, the handheld design of ND-BR019 makes it an ideal choice for security operations at major events, industrial parks, border

RTLS & Indoor Positioning System with Bluetooth AoA , Blueiot

Blueiot delivers an RTLS and indoor positioning system using Bluetooth AoA to track assets and personnel in healthcare and logistics.

[Read More](#)

The Effect of Electromagnetic Pulse Attacks on USB Camera

The camera is a core device for modern surveillance and data collection, widely used in various fields including security, transportation, and healthcare. However, their widespread

RFID Reader with Ethernet IP: Revolutionizing Asset Tracking

In this blog post, we will explore how an RFID reader with Ethernet IP connectivity is transforming asset tracking processes and enabling businesses to optimize their operations.
