

# **Industrial Ethernet Tunisia High-Density Fiber Distribution Box 6-core**

## Overview

---

This terminal box terminates up to 12-24 fiber optic cables, offers spaces for splitters and up to 12-24 fusions, allocates 6 x SC Duplex adapters or 6 x LC Quad adapters and working under both indoor and outdoor environments. Fiber Distribution Box are used in cross-connection (indoor and outdoor devices). FTTH Box comply with salt spray test, crush test and temperature cycling under international standard. The Centrix™ System is a high-density fiber management system that provides a balance of industry-leading density with innovative jumper routing. This Product Category has products that are hidden either due to your Product Country of Use settings or your chosen filters.
