

Japanese optical sub-box 24 cores

Overview

Horizontal Mechanical Sealing 24 core Fiber distribution box for FTTH The 24 Core Fiber Optic Distribution Box With a maximum capacity of 24 cores, it has the capability to splice up to 72 cores in total. Direct cabling solution provides flexibility for making network construction upon customer needs in MDU. Splitter can be placed at any point (Termination box in MDU) and fiber splice and connector connection are available at any place. All products' documentation is published in PDF (Portable Document Format), which requires Adobe Reader (ver.
