

LC Fiber Reinforcement Tray Assembly

Overview

Universal tray system supports Fanout, Patch, and Splice Cassettes with up to 576 fibers (288 LC ports) in just 4RU. Corning has a wide variety of hardware solutions to choose from to fit your cabling needs. AFL's LightLink series of fiber optic splice trays featuring a variety of unique and flexible splice and storage possibilities. 1U ECO fibre patch panel Loaded with LC connectors to offer an economical, high-density 19" rack mount fibre termination solution. The sliding tray is locked in place with two plastic latches, when fully extended the tray is designed to lower to 45°, or move the tray to the side and it will lock to. This item looks fantastic when combined with our multicore fibre cables with optional uniboot connectors or with MPO / MTP cables.
