

Lead-coated protective tube for optical cables

Lead-coated protective tube for optical cables

Fiber Cables - coated, tight buffered, fiber-optic cables,

Fiber cables contain one or more optical fibers, which they protect. They are used in telecom systems, for example.

Protective pipes for Optical Cables

Single-walled protective pipes are intended, primarily, for mechanical protection of optical and coaxial cables laid in trenches and channels

Lasers & Optical Fiber

Whether it be it just the conduit, one of our PICO-brand fiber optic patch cords & cable assemblies (with fibers individually-protected inside tiny metal tubes), or a
