

# **Low-voltage gigabit single-mode fiber optic module**

## Low-voltage gigabit single-mode fiber optic module

---

### What Is an SFP Module? (Comprehensive Guide Including Fiber Optic

Single-mode optical modules: Matched with single-mode fibers, with a core diameter of 9um, excellent transmission performance, supporting long-distance transmission, used in scenarios such as

[Read More](#)

### Fiber Modules

SFP modules support very low EMI and excellent ESD protection. Featuring low power consumption, these fiber modules are ideal for enterprise LAN networks and other optical links.
