

Luxembourg Optical Cable Terminal Box 2 Cores

Overview

The 2 port surface mount fiber enclosure serves as termination point designed to joint drop cable and pigtail in home or office for wall mout or suface mount installation. Access Terminal Box, also known as a fiber optic wall outlet or fiber wall socket, is a critical component of modern optical networks. Robust and easy to deploy, our termination solutions for indoor and outdoor applications are ideal for single dwelling unit (SDU) and multi-dwelling unit (MDU) configurations. Fiber splicing, splitting and distribution can be done in this box, and at the same time, it provides solid protection and.

Luxembourg Optical Cable Terminal Box 2 Cores

Fiber Optic Terminal Box

The fusion splicing tray of the optical cable terminal box adopts a superimposed structure, with flexible configuration, the capacity can reach 96 cores, and the
