

Luxembourg Temperature- Controlled Cabinet with Remote Monitoring

Overview

The controller comes with an easy-to-use LCD touch panel and allows you to register 3 constant test profiles and 8 program test profiles with up to 99 steps per program.

Luxembourg Temperature-Controlled Cabinet with Remote Monitoring

CONTROL CABINET MONITORING

Control cabinet monitoring detects anomalies early on control cabinet permanently. This allows anomalies to be detected at an early stage and failures to be avoided - especially when devices are located in
