

Maldives 48-core quad-network integrated fiber optic distribution box

Overview

It integrates fiber splicing, splitting, distribution, storage and cable connection in one solid protection box. The FDB-48 is suitable for indoor or outdoor FTTX applications that support up to 48. Built with an IP65-rated enclosure, this terminal box is designed to withstand harsh environments, making it suitable. As a leading optical distribution box wholesaler with over 30 years of structured cabling expertise, CRXCabling offers various models of optical fiber distribution boxes backed by UL, ETL, Delta, and GHMT certifications and a comprehensive 25-year product guarantee.
