

ZTP Thermal & Power

Manufacturer of upgraded intelligent cold aisle systems

Overview

In 2024, Worthington Armstrong Venture (WAVE), a joint venture between Armstrong World Industries, Inc. , acquired all of the assets of Data Center Resources, LLC (DCR) related to the design and manufacture of customizable, modular aisle. With 35 years of operational experience, EDP designs, manufactures, and installs bespoke aisle containment systems that improve airflow management in Data Centre environments for retrofit, new build, and hyper-scale projects. Accelelevation containment systems are customized for the unique data hall environment and are designed to separate cold supply airflow from hot air coming out of equipment exhaust, while maintaining ease of access to critical equipment. Designed to your specification, it can be custom configured to fit any white space layout, enabling a precise.

Manufacturer of upgraded intelligent cold aisle systems

Vertiv SmartAisle

The Vertiv SmartAisle features an optimized infrastructure with an intelligent row-based system for telecom applications. Learn more about it here.
