

# **Network rack manufacturing process and pricing**

## Overview

---

A comprehensive guide on selecting the right OEM partner for manufacturing network server racks covering production capabilities, quality control, customization, supply chain integration, pricing, and after-sales support. Network server racks are the backbone of any data center, providing the framework that holds your essential IT equipment. BCH Electric Limited, established in 1965, based in New Delhi, India, is a manufacturer of low voltage electrical and electronic controls. Rack manufacturing is a sophisticated field blending engineering precision, material science, and advanced fabrication techniques to create these vital structures. Key regions include Zhejiang Province (Ningbo, Hangzhou), known for electronics integration and export infrastructure; Hebei Province (Langfang, Xianghe), specializing in metal. From high-density data centers to compact server rooms, our server cabinets are built to optimize space, manage cables, and.
