

Outdoor high and low voltage electrical complete sets of equipment

Overview

This solution covers a complete set of power equipment from low-voltage distribution cabinets, high-voltage switchgear to transformers, automation control systems, etc. , aiming to provide comprehensive and customized power solutions for various users. Our high and low voltage complete electrical equipment solutions are designed based on a deep understanding of the current development trends in the power industry and accurate predictions of future power demand. Modular design: Supports flexible combination (such as LW36 circuit breaker +GW4 disconnecter. The company specializes in the production of transformer, box transformer, wind power substation, solar photovoltaic substation, high and low voltage complete sets, ring main unit, outdoor circuit breaker.

Outdoor high and low voltage electrical complete sets of equipment

High and Low Voltage Switchgear Series Electrical Complete Sets of

Senda's products cover different categories such as high and low voltage switchgear, electrical components, intelligent busbars, integrated solar system storage and charging equipment, intelligent
