

Peru External Power Distribution Box

Overview

Peru power strips and PDU power distribution units for surface mount, rack mount and general purpose applications. On behalf of German international cooperation for development in a project implemented by GIZ, NIRAS has been working closely with three utility companies to support the elaboration of smart-grid roadmaps, forward-thinking business plans, and the execution of innovative pilot projects. From 2017 to 2020, Red Eléctrica de España has been present in Perú at the departments of Arequipa, Moquegua, Tacna, Puno and Cusco through the companies Red Eléctrica Andina (REA), Red Eléctrica del Sur (REDESUR) and four electricity transmitters. With our breadth of expertise and global reach, SGS offers a wide range of services that will help you assure the performance of your power distribution network, from design and construction through to operation. With services covering assessment, verification, inspection, auditing, testing and.
