

Pre-reserved bend sleeve for communication optical cable

Pre-reserved bend sleeve for communication optical cable

What is Bend-Insensitive Fiber?

Fiber optic technology has revolutionized the way we transmit data, offering high-speed, reliable, and secure communication channels. While

[Read More](#)

Anti-kink sleeves for ideal cable protection , Prechter + Renner

High-quality cable bend protection sleeves for reliable cable protection. Various sizes and designs from Prechter + Renner. ISO 9001 certified.

[Read More](#)

PET Braided Sleeves: A Smart Alternative For Fiber

PET braided sleeves have proven themselves as a reliable and scalable alternative for both new and retrofit fiber optic deployments.

[Read More](#)

Fiber Optic Splice Protection Sleeves , Reliable Splice

The main purpose of a fiber optic splice protection sleeve is to provide mechanical reinforcement and environmental sealing for a bare fusion splice. It protects the

[Read More](#)

Bend protection sleeves

High-quality bend protection sleeves for optimum cable protection and durable connections. Ideal for industrial applications.

All About Bend-Insensitive Optical Fibre Cable

Overview By using the magic of light, fibre optic cables have laid the foundations of global connectivity. But as the hunger for higher data transmission,

[Read More](#)

Strain Reliefs for Round Cables , Electronic components , ETTINGER

Order high-quality strain reliefs for round cables from ETTINGER , Your partner for electromechanical components , High level of availability , Fast shipping

[Read More](#)

Pro Fiber Preshrunk Fiber Optic Fusion Splice Sleeve

The sleeve is resistant to heat, moisture, and other external factors, ensuring the integrity of your fiber optic connections over time. Its compact size and lightweight design make it suitable for both indoor

[Read More](#)

Bend-Protection Sleeves

Rely on quality and service from ETTINGER for your cable management needs. Order bend-protection sleeves from us - also in large quantities.

[Read More](#)

Splice Protection Sleeves

The FPS01 and FPS04 series are specially designed for optical components, where small packaging is a priority. These micro sleeves provide the known reliability of

[Read More](#)

Fiber Protection Sleeves

Designed for durability and reliability, the sleeves are constructed with an inner EVA meltable adhesive tube, and a polyolefin heat shrink outer tube. The strength

[Read More](#)

Cable Sleeve, Wire Sleeve, Braided, PVC & More

Shop cable sleeve and wire sleeve at RS Malaysia. Explore PVC cable sheathing to braided cable sleeves for all your cable management and protection needs.

[Read More](#)

Bend protection for cable

Bend protection Kink protection in different colours Cable bend relief sleeves are used for the mechanical protection of cables against excessive bending directly at the connector. They can also

[Read More](#)

Cable assembly with bend protection , Koax24

Cable bend relief sleeves are used for the mechanical protection of cables against excessive bending directly at the connector. They can also be used to mark different signals via the cable grommet.

[Read More](#)

Comprehensive Guide to Fiber Optic Splice Sleeve

In the world of fiber optic communication, where speed, accuracy, and reliability are critical, the smallest components often make the biggest difference.

[Read More](#)

Fiber Optic Cable Bend Radius and Signal Attenuations

A fiber cable's bend radius and is crucial for ensuring optimal performance and longevity of any fiber optic network installation and infrastructure.

[Read More](#)

Smarter Fiber Cable Protection with PET Braided Sleeving

Discover how PET braided sleeving enhances fiber cable protection by reducing vibration, heat stress, and microbending in real-world installations.

[Read More](#)

Optical Fiber Cable Installation Guideline

In general, optical fibre cables can be installed using many of the same techniques as for conventional copper cables. Basic guidelines regarding min. bend radius and max. pulling tension are quite similar

[Read More](#)

Bend protection sleeve

Bend protection sleeve Anti-kink sleeves provide additional protection against mechanical stress. Bend protection sleeves can be applied in 10 different colours for easier identification of the cable. The
