## **Classroom Spectrometer with Raspberry Pi**

About a year ago my brother, who is finishing his PHd in Physics, approached me about designing a housing for an affordable spectrometer for use in a classroom

[Read More](#)

## **LET'S BUILD A SPECTROMETER**

TECHNOLOGY In order to build a spectrometer, we need something to illuminate the object under analysis, and something capable of catching the

[Read More](#)

## **Optical Spectrometer (USB) incl. Software by PrintedLabs**

The grating spectrometer developed by us in combination with a simple C-mount camera, such as the "Raspberry Pi HQ" camera, allows the

[Read More](#)

## **SmokyMtSci**

The easiest way to get all the STL files is to download them from the Teensy-Spectrometer-STL Repository page on GitHub. There is a section called "Downloading Software" that discusses how to
