

Samoan fiber optic cable manufacturing company

Overview

As a public-private partnership, SSCC operates and maintains world-class submarine cable systems, including the Tui-Samoa and Manatua cables, delivering high-speed, reliable, and affordable internet services that support national development and global integration. SAMOA SUBMARINE CABLE COMPANY Our aim is to significantly transform Samoa's digital landscape by leveraging innovative digital technologies. The Tui-Samoa submarine cable system is a 1,470km submarine cable connecting Samoa with Fiji, with landing points in Apia and Tuasivi (Samoa) and Suva (Fiji) and branches to Vanua Levu – Savusavu (Fiji) and Wallis & Futuna. In March of last year, TE SubCom was awarded the South Pacific Marine Maintenance. The project aimed at improving Samoa's international broadband connectivity, which involved the development and operation of a fiber optic submarine cable system (SCS) that would link Samoa to Fiji and provide a cost-effective connectivity to the rest of the world.
