

# Selection Guide for Subway-Grade Active Optical Modules SFP

## Overview

---

Understand the core function, compare data rates (1G to 25G), learn critical compatibility rules, and follow our 5-step checklist for selecting the perfect SFP optical module for your network build. CXR SFP modules are based on industrial grade components to deliver higher reliability and to enable extended operating temperature range in any host equipment and integration conditions. Defined under the Small Form Factor Committee specifications and widely deployed in equipment compliant with IEEE Ethernet standards, SFP.
