

# Should the fiber optic box be connected to a router or a switch

## Overview

---

The fiber is connected to an Optical Network Terminal (ONT) inside or outside your home. Fiber optic internet is generally installed in the following 5 steps, which we'll dive deeper into throughout the article: A technician checks your area and prepares the connection from the neighborhood fiber network. However, setting up a fiber optic connection to your router can seem daunting if you're unfamiliar with the process. With a fiber ONT can I go straight into a switch?

I have multi gig internet coming into my house via a fiber ONT. This comprehensive guide combines industry standards with field-tested practices to ensure you achieve a rock-solid.
