

# Single-mode optical African segment

## Overview

---

Market Forecast by Countries (South Africa, Egypt, Nigeria, and Rest of Africa), By Type (OS1, OS2, Bend-insensitive, High-power, Others), By Core Material (Glass, Plastic, Silica, Hybrid), By Application (Data Centers, Long-distance Communication, Fiber Optic . 65 billion in 2025, is projected to experience robust growth, driven by the escalating demand for high-bandwidth communication networks. The growth of the market is attributed to factors such as the global rollout of 5G network coupled with the. Middle East and Africa Single Mode Optical Fiber SMF Market is Growing at Compound Annual Growth Rate (CAGR) of 10. The increasing advancement in Artificial Intelligence (AI) and Machine Learning (ML) technologies.

## Single-mode optical African segment

---

### Middle East & Africa Optical Fiber Market

In terms of mode, the Middle East & Africa optical fiber market is bifurcated into single mode and multi-mode. The single mode segment held a larger market
