

Solace optical module price

Overview

Cost ranges for a Solace Air UV system typically span from about \$2,000 to \$9,000 when including installation and necessary work. This section provides details on the optical ports and cabling used for the Assured Delivery Blade (ADB) and associated Host Bus Adapter (HBA). SFP modules are commercially available with capability for data rates up to 100M or 1000M/1G. However, advances in technology led to more compact form factors for 10 Gigabit Ethernet applications. The Optical Module Price is a standout piece in our Fiber Optic Equipment collection.
