

Spectrometer Program

Maintain the performance of polarization maintaining fiber

Accurate refractive index distribution

Good longitudinal uniformity

Optical fiber environment performance is stable

The cross-sectional area has good symmetry

Spectrometer Program

Essential FTIR ®: Software for Optical Spectroscopy

Essential FTIR is spectroscopy software for FTIR, NIR, Raman, UV-Vis and EELS data search libraries, batch-process spectra, and run quant analyses.

[Read More](#)

OpenMS

It empowers rapid development of mass spectrometry related software. OpenMS is freely available under the three clause BSD license and runs under Windows,

[Read More](#)

Spectroscopy Software

Thermo Fisher Scientific is dedicated to improving the human condition through systems, consumables, and services for researchers.

[Read More](#)

Optical Emission Spectroscopy Software , SPECTRO

For optical emission spectroscopy, SPECTROSMARTANALYZERPRO software for ICP-OES spectrometers is the ultimate in flexibility and functionality.

[Read More](#)

SpectraWiz Spectroscopy Suite

SpectraWiz Spectroscopy Suite included FREE with every spectrometer for Windows
Popular Applications: All Spectrometers,

[Read More](#)

Spectroscopy Software

Software packages containing FT-IR and Raman spectroscopic signature data for a vast array of compounds. Products are designed to aid in compound identification for a variety of environmental,

Annual Conference Homepage

Annual Conference Homepage 74th ASMS Conference on Mass Spectrometry and Allied Topics May 31 - June 4, 2026 , Short Courses May 30 & 31 San Diego Convention Center Carlito Lebrilla, VP for

[Read More](#)

PASCO Spectrometry

PASCO Spectrometry is specifically designed for all levels of students and teachers to integrate spectrometry into the teaching and learning of physics,

[Read More](#)

Spectroscopy Software , Free , Simple Data Acquisition

Our ENLIGHTEN(TM) spectroscopy software has all the features you need to quickly and easily collect Raman, absorbance, transmission, reflectance,

[Read More](#)

Spectragryph

SpectraGryph: Open all sorts of spectra. Process & analyze them with ease. Rock solid. Lean. Easy to use. For UV/VIS, NIR, FTIR, Raman, fluorescence spectra.

[Read More](#)

Spekwin32 for Windows

This software efficiently views and processes optical spectra across multiple formats. It offers fast, reliable performance and extensive data handling

Spectroscopy Software , StellarNet

VBA source code program for MS Excel to instantly grab & graph spectral data from spectrometer. The program includes simple spectroscopy applications such as

Universal software for DIY spectrometers

There are many DIY attempts for creating all kinds of spectrometers, intending to measure absorbance, reflectance, fluorescence and even Raman signals.

[Read More](#)

Spekwin32

Spekwin32: spectroscopy software for optical spectra. Multi-format spectrum viewer. Conversion, visualisation and parallel processing of multiple UV-VIS, NIR, FTIR,

Vernier Spectral Analysis

Our free Spectral Analysis app makes it easy to incorporate spectroscopy into your biology and chemistry labs. Using the app, students can collect a full spectrum

[Read More](#)

Molecular Spectroscopy Software

This single solution for data analysis is a unique and powerful way to measure, process, display and report data from any JASCO spectroscopy system including UV-Visible/NIR, Fluorescence, FTIR,

[Read More](#)

DIY Spectrometer Analyser

DIY Spectrometer Analyser Spectrometer Analyser app using python and opencv developed for a low-cost, scratch-built spectrometer. In this project, I develop a

[Read More](#)

Spectrometry

Designed for use with PASCO spectrometers, this software makes it easy to measure intensity, absorbance, transmittance, and fluorescence.

[Read More](#)

DIY Spectrometer Analyser

In this project, I develop a basic app to extract the intensity distribution of wavelengths emanating from a light source that we would like to study. This is a

[Read More](#)

Molecular Spectroscopy Software

Molecular Spectroscopy Software Spectra Manager (TM) Suite A unique and powerful, cross-platform suite of software tools for controlling a truly comprehensive range of molecular spectroscopy

[Read More](#)

Spectragryph Download

Spectragryph is a spectroscopy software tool that lets you analyze data taken from spectrometers. Spectragryph has support for more than 50
